Memo to File:

RE: Magic Circle Energy Corp.  
Cottonwood Wash Project  
ACT/047/018  
Utah County, Utah

Members of the Division Staff (Tom Portle, Tom Tetting, Susan Linner, Pamela Grubaugh-Littig and D. Wayne Hedberg) met with Mr. Reed L. Clayson from Synfuels Engineering & Development, Inc. on Friday, June 17, 1983 at the Cottonwood Wash Shale Oil project site.

The purpose of the field trip was to receive an overview of the project site and relate the proposed development plans to the actual field conditions that will be encountered.

Several pictures were taken of the general project area for future reference of baseline conditions. Mr. Clayson was given a draft copy of the Divisions ACR Comments thus far. Mr. Clayson was informed that the final draft would be mailed to his company early next week.
